Introduction

Welcome to Silvex International Limited, a leading indigenous Agribusiness and logistics company revolutionizing Africa's agricultural landscape.

Silvex International Limited majors in Large-scale Commercial agricultural production, leveraging advanced technology and efficient processes to produce high-quality crops for local and international markets and maximize yields to meet global market demands.

SUSTAINABLE LARGE-SCALE AGRICULTURE.

We balance commercial production with eco-friendly practices, ensuring a healthier planet and plentiful harvests."

TECHNOLOGY-DRIVEN LARGE-SCALE AGRICULTURE.

Our innovative approaches and precision farming techniques optimize crop yields, reduce waste, and enhance efficiency.

We recognize the vital role reliable food systems play in ensuring individual, community, and national well-being. Our vision is to address global food security challenges by delivering exceptional products, expertise, and services tailored to farmers, processors, and consumers worldwide.

With a deep understanding of the agricultural value chain, Specializing in premium seed crops and seedlings for plantation, we source and supply high-quality agricultural products through our extensive network and strategic partnerships. This fosters a healthier, more sustainable food ecosystem.

By bridging the gap in global food security, we:

1

Enhance community nourishment and Diverse interests in climate action and sustainability

2

Support national development and Commitment to African excellence

3

Diverse range of food products for local and international markets

4

Promote environmentally sustainable agriculture.

5

logistics and supply chain management, market intelligence, and trend analysis.

6

Indigenous technical expertise knowledge in agricultural best practices

About us

Founded in 2014, we're driven by innovative ideas and a passion for African excellence. Registered under the Federal Republic of Nigeria's laws, our mission is to become a dynamic and exemplary model of African potential in Agribusiness and Commodity Trading.

WE SPECIALIZE IN:

1. Commodity Aggregation and Management:

combining small-scale supplies of commodities from individual farms into larger lots that can be more efficiently transported, processed, stored, and sorted.

2. Processing and Value Addition:

Transforming raw materials into high-value products. Enhancing the quality, shelf life, and marketability of agricultural products through efficient processing, packaging, and distribution solutions.

3. Trading and Logistics Excellence:

Efficiently connecting farmers to markets, managing supply chains, and delivering high-quality agricultural products worldwide.

4. Climate-Smart Farming Solutions:

Implementing innovative, adaptive, and sustainable agricultural practices to enhance resilience, mitigate climate change, and ensure food security.

As a pioneering force and a renowned innovator in the global food, agriculture sector, and agribusiness, we are committed to transforming the agricultural landscape in Africa and also to bringing families, farmers, and all other stakeholders together.

SEPTEMBER 2014-SEPTEMBER 2024

VISION STATEMENT

To be a globally recognized leader in ensuring food security and delivering premium-quality agricultural products and sustainable solutions across the food and feed value chain.

MISSION STATEMENT

To ensure availability, accessibility and affordability of essential commodities, feed and food product across key global markets.

BRAND PROMISE

We promise to be committed in building trust and cooperation with relevant stakeholders and clients in order to achieve self-sufficiency, economic prosperity and food security.

Company Values

**INNOVATION:**

We encourage creativity, embracing new ideas and solutions to drive growth in the agricultural sector.

**SUSTAINABILITY:**

We promote environmentally responsible practices, ensuring a better future.

**TEAMWORK:**

We collaborate, support, and empower our workers as well as stakeholders to achieve shared goals.

**SOCIAL RESPONSIBILITY:**

We believe in being beneficial to the community around us. We promote fair labor practices,

Our Activities at **SILVEX** International Ltd

At SILVEX International Ltd, we are committed to revolutionizing the agricultural landscape through innovative, climate-smart solutions, strategic collaborations, and sustainable practices. Here's an in-depth look at our key activities:

1. Large-Scale Commercial Agriculture

SILVEX International operates on over 10,000 hectares of prime agricultural land, supported by a robust fleet of modern machinery and highly skilled manpower. Our operations are rooted in climate-smart agriculture and innovative practices, ensuring sustainability and productivity.

We collaborate with leading research institutions, government bodies, and international partners to develop and implement cutting-edge agricultural solutions. This synergy enables us to optimize yields, conserve resources, and promote best practices in large-scale farming.

A large industrial facility, likely a grain processing plant, with several tall, cylindrical silos and a complex network of pipes and walkways. In the foreground, a red truck is parked, and a white truck is partially visible on the left. The scene is set against a clear sky.

2. Commodity Aggregation and Supply Chain Management

From our humble beginnings at the Dawanau International Grains Market in Kano, we have grown into a major force in commodity aggregation and supply chain management across Nigeria and West/Central Africa.

Extensive Farmer Network: With a network of over 30,000 contact farmers, field coordinators, and Licensed Buying Agents (LBAs), SILVEX facilitates seamless aggregation and movement of agricultural commodities.

Contract Farming Schemes: Our in-grower and out-grower schemes provide farmers with inputs, technical support, and guaranteed access to markets.

Collaborative Partnerships: We work closely with research institutions, governments, multilateral organizations, and development partners to uplift our farmers through climate-smart and regenerative agriculture practices, enhancing their livelihoods and resilience.

3. Food Processing and Value Addition

SILVEX International is at the forefront of agricultural processing and value addition. Sesame Processing Legacy: Starting with our sesame processing plant in Kano in 2014, we have since diversified into processing a variety of commodities.

Premium Rice Brands: Our flagship rice brands, TOMATO QUEEN and CONFLUENCE RICE, are household names in Nigeria, known for their quality and reliability.

Future Expansion: We are investing in expanding our processing capacity to include oilseeds, cereals, animal feeds, and fiber production.

Innovative Outsourcing: Leveraging strategic partnerships and outsourcing models both locally and internationally, we ensure high-quality products at reduced costs, delivering unmatched value to our customers.

RICE THAT NOURISHES

CORPORATE OFFICE

No.8 Silvex Avenue, Sharada Industrial Estate Phase I, Kano - Nigeria

FACTORY

STR 28 Warehouse Road, Dawanau, Off Kano-Katsina Express Way, Kano - Nigeria.

4. Logistics and Distribution

Efficient logistics and distribution are integral to our operations, ensuring timely delivery of products to local and export markets.

Comprehensive Logistics Network: Our well-coordinated logistics system guarantees the seamless movement of agricultural commodities and processed goods.

Export-Ready Supply Chain: We cater to the needs of international customers, maintaining quality and timely delivery standards to meet global demands.

A wide-angle photograph of a lush green field under a clear sky. In the foreground, a tall, teal-colored sign with the word 'SILVEX' in white capital letters stands prominently. A large group of people, mostly wearing white head coverings, are gathered in a line across the middle ground, looking towards the left. The background features a line of trees and a distant horizon.

5. Agricultural Consulting and Advisory Services

SILVEX International offers expert consulting and advisory services to stakeholders across the agricultural value chain.

Tailored Solutions: From farm management to value chain optimization, we provide customized solutions for both smallholder farmers and large-scale agribusinesses.

Capacity Building: Through training and advisory programs, we empower farmers, organizations, and communities to adopt innovative, climate-smart, and sustainable agricultural practices.

Our Commitment to Excellence

At SILVEX International Ltd, we are dedicated to driving growth and sustainability in agriculture. By leveraging innovation, partnerships, and a deep understanding of the agricultural ecosystem, we aim to transform the sector, ensuring food security, improving livelihoods, and creating long-term value for all our stakeholders.
